**SPRINGER NATURE**

Dear A. G. K. D. Jayathilaka,

I am happy to inform you on behalf of Springer Nature that the proofs of your book chapter "**CodeConnect Classroom: A Coding Education Tool Enabling Collaborative Learning, Real-Time Feedback, and Student Engagement**" are now available.

You can help us facilitate quick and accurate publication by using our e.Proofing system. The system will show you an HTML version of the chapter that you can correct online. In addition, you can view/download a PDF version for your reference.

As you are reviewing the proofs, please keep in mind the following:

- This is the only set of proofs you will see prior to publication.
- Only serious errors in content and errors introduced during the production process may be corrected.
- Any changes that contradict house style will not be made.
- Please ensure you fill out your response to any Author Queries raised during typesetting. This is necessary to enable you to submit your corrections and allow us to continue processing your chapter for publication.
- Please check the author/editor names very carefully to ensure correct spelling, correct sequence of given and family names, and that the given names and family names have been correctly designated (NB the family name is highlighted in blue).

- Please note that we standardly publish professional (institutional) e-mail addresses, but not private ones. If you have a different preference regarding publication of your email address, please indicate this clearly on the proof.

If you are responsible for returning the proof correction, please return the corrected proofs by **02 June 2024**.

Your proofs are available at:

The URL is valid only until the book is published online. It is for proof purposes only and may not be used by third parties.

Should you encounter difficulties with the proofs, please contact me. We welcome your comments and suggestions. Your feedback helps us to improve the system.

Thank you very much.

Sincerely yours,
